Homestead Holiday Ornament Collection – Tree Pattern

Crochet patterns by Angela Dooley ~ SASS Crochet

This is the expanded, ad-free Homestead Holiday Ornament Collection Tree crochet pattern.

Add a little handmade charm to your holiday decorating with this cozy crochet tree ornament. Worked flat using the Interlocking Row Stitch, the square is folded and stitched into shape to create a sweet farmhouse-style tree. It's a quick, low-yardage project that's perfect for Christmas trees, gift toppers, handmade gifts, or using up leftover yarn.

Construction
The tree is worked flat as a square using the Interlocking Row Stitch. The finished square is folded into a tree shape and stitched securely in place. The stump is worked separately in rows and sewn to the bottom of the tree. A yarn hanger and optional wooden bead are added during finishing.

Stitch Pattern
Interlocking Row Stitch — worked by placing double crochets into skipped stitches two rows below.

Pattern Notes
- Written in US crochet terms.
- Chain stitch at the beginning of each row does not count as a stitch.
- Stitch counts are listed only on rows where the count changes.
- You may use another yarn weight with an appropriately sized hook; this will change the finished size of the ornament.

Stitch Key

- ch = chain
- ch sp = chain space
- dc = double crochet
- FSC = Foundation Single Crochet
- rep = repeat
- sc = single crochet
- sk = skip
- slst = slip stitch
- st(s) = stitch(es)

Rows 7 - 12: Rep Rows 5–6.

Row 13: Ch 1, turn, sc in 1st st, dc in dc 2 rows below, *sc in next dc, dc in next dc 2 rows below; rep from * across, sc in last st. **(7 sc, 6 dc)**

Note: Row 13 closes the stitch pattern by filling in the remaining spaces to create a solid final row.

Finish off, leaving a 12" tail for securing the folds.

STUMP

Row 1: Ch 4, sc in 2nd ch from hook and in each remaining ch across, ch 1, turn. **(3 sc)**

Rows 2 - 7: Sc in each st across, ch 1, turn.
Joining: Bring Row 1 up behind Row 7. Slst across, working through both layers to join Row 7 to the beginning chain.

Finish off, leaving a 12" tail for sewing the stump to the tree.

Finishing: See Folding the Square Into a Tree on page 5, Adding the Stump on page 6, and Adding the Hanger & Bead on page 7.

Interlocking Row Stitch Placement

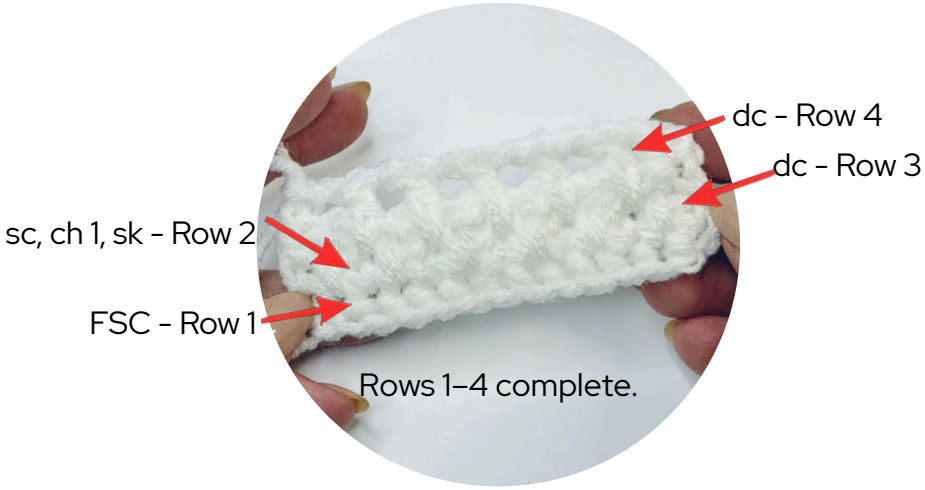

Need Help with the Interlocking Row Stitch?
If you'd like a little extra help with the Interlocking Row Stitch, I have two tutorials available:

Photo Tutorial: Follow the step-by-step Interlocking **Row Stitch photo tutorial** on the SASS Crochet blog.

Video Tutorial: Watch the **Interlocking Row Stitch placement tutorial on YouTube** to see exactly where to insert your hook and how the stitch comes together.

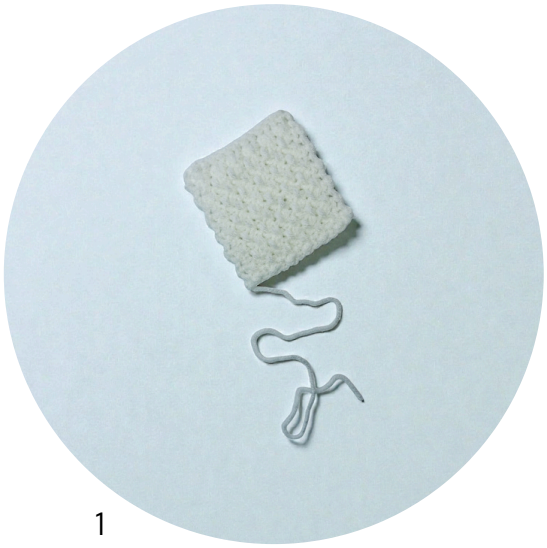

Fold the Square Into a Tree

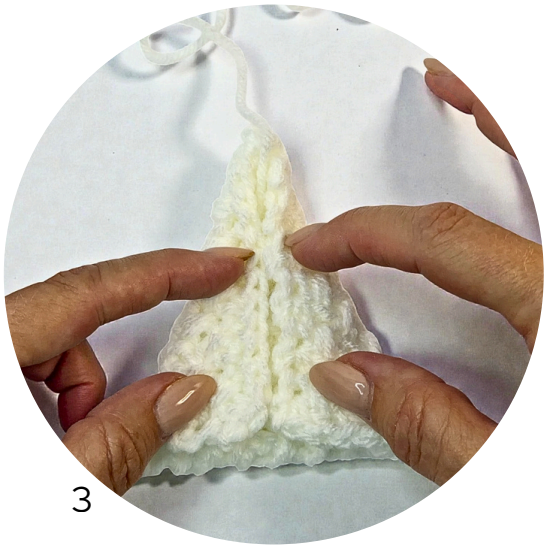

1. Lay the square flat and turn it so it looks like a diamond. Make sure the corner with the long yarn tail is at the bottom. **See photo 1.**
2. Fold the bottom corner up until the tip reaches the center of the square. **See photo 2.**
3. Using the long tail and a yarn needle, stitch that folded tip in place. **See photo 2.**
4. Fold the left corner over so its bottom edge lines up with the bottom edge of the fold you just made. **See photo 3.**
5. Fold the right corner over in the same way, lining up its bottom edge with the others. **NOTE:** Position the yarn and needle so the yarn comes out at the top, underneath the folds. **See photo 3.**
6. Your folds should now form a triangle shape, creating the tree.
7. Using the long tail and your yarn needle, sew a few small stitches down the center to hold the left and right folds in place. Add a few sts across the bottom if needed for extra security. Try to sew through the back layers so the front stays neat. **See photo 4.**
8. Once everything feels secure, finish off and continue to Adding the Stump on page 6.

Adding the Stump

1. With the tree folded and secured, position the stump at the bottom center of the tree.
2. Place the stump so the joined edge lines up with the folded bottom edge of the tree. Make sure it is centered.
3. Using the long tail and a yarn needle, sew the stump securely to the bottom of the tree.
4. Once the stump is secure, finish off and weave in the ends.

Adding the Hanger & Bead

1. Cut a 10" strand of yarn and fold it in half to form a loop.
2. Thread the folded end onto a yarn needle. Insert the needle into the tip of the tree from back to front and pull the loop through.
3. If using a bead, thread both yarn ends through the bead.
4. Pull the yarn ends — and bead, if used — through the loop. Gently tighten so the loop sits snugly at the top of the tree.
5. Slide the bead down until it rests at the top of the tree.
6. Tie the yarn ends together to form the hanger. Trim the ends if needed.

Note: You can also use ribbon, twine, or a thin cord instead of yarn for a different look.
